

Brian Beale joins the Hennessy Funding Group at GMH Mortgage

Conshohocken, PA: GMH Mortgage is pleased to announce that Brian Beale has moved into a Loan Officer role with the Hennessy Funding Group based in their corporate headquarters in Conshohocken where he'll serve the Greater Philadelphia and New Jersey Market.

"Brian has always worked closely with the sales groups and has a reputation for being a GMH culture leader. He is always willing to help others even when it is outside the scope of his normal responsibilities. He is a true team player and we are thrilled he has chosen our team to help him succeed in his new career path," stated Todd Hennessy, Regional Manager.

Before moving into this new role, Brian acted as the VP of Business Development for GMH Mortgage. With 16 years' experience in the mortgage industry, he's excited to move into his new role which allows him to work directly with homeowners and take on a more active role in his community.

"I am thrilled to join such an amazing team with a focus on serving our local community. Being born and raised and still residing in Springfield, Delaware County, today, it is important for me to represent a local lender with a passion for the overall borrower experience," said Brian.

Brian is an active member of his community and dedicated to giving back. He founded "Santa's Angels" nine years ago which is a group donating gifts to kids spending their holidays in the pediatric oncology unit at CHOP. To date, Santa's Angels has donated over \$40,000 in gifts. He and his wife, Mary, also had a non-profit 501(c)3 for 15 years that raised money for charitable causes supporting people with special needs. Brian looks forward to continuing his charitable work in the special needs community by making a donation to the Special Olympics for each loan that he closes.

Outside of work, Brian has a passion for fitness and spending time at the beach with family and friends. He and Mary have three children, Colin, Samantha, Chrissy and their miniature Goldendoodle, Comet.
